CORE STRENGTH

Our Company is a well known front name in sanitary world with more than 10 years of experience. We has so far gained immense trust & quality satisfaction for its customers. The core strength of Our Company has been professional approach, trend setting products, next to perfection, after sales services & dedicated professional sales & service team which leads us to be one step ahead. Our vision is our core strength.

MAKING EFFORTS TO USE
ORIGINAL IDEAS FOR
A BETTER TOMORROW.

Customer is our priority

Quality is never an accident but a continues process. Quality is always the result of careful craftsmanship, planning, intelligent efforts and a process-driven action to obtain the desired parameters of the product. Customers being our prime focus thus selection of our product portfolio is carefully done to meet the expectation of the most valued customer. Each and every product is made to suit the needs and comforts of the end user.

Functionality and look

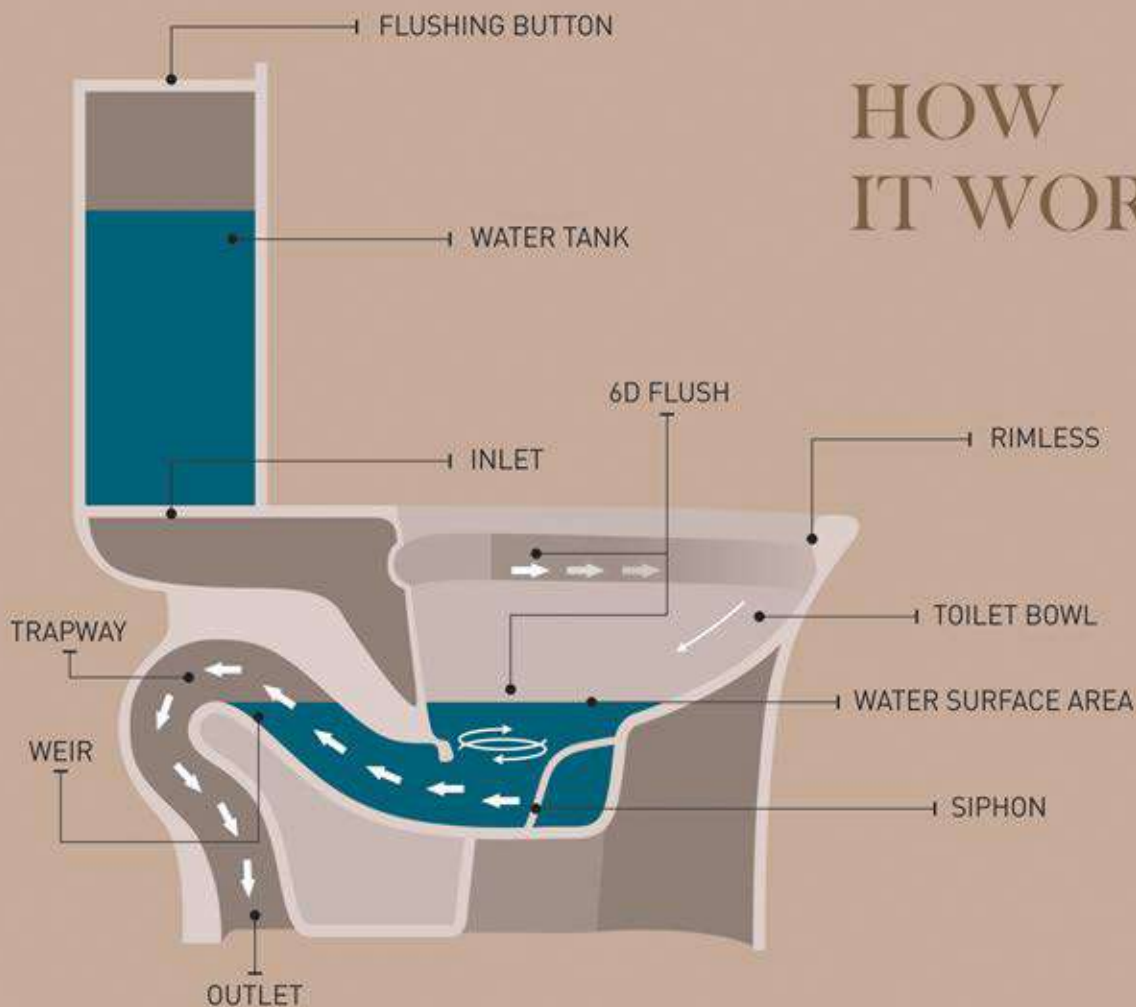

Our Company is committed to present the range of bathware products which is combination of aesthetics and technicality. Our products are stylish and appealing. Sturdiness and durability are the other important factors. Our designs are contemporary, user friendly with superior functionality. Our products are crafted for luxurious bath spaces. Our stunning range of products shall definitely mesmerize you.

ENDURING EXCELLENCE

Our Company products are durable and long lasting owing to usage of high quality raw materials and advance quality glaze which is used on the surface before the firing process. So, the surface looks very smooth, which does not let dirt, dust and mud to settle on it. As a result, it warrants high durability, good looking, silky touch, a shield that cover from scratches and other external factors. This also provides the effortless cleaning which helps lesser consumption of water thus, saving and respecting the environment. Product range is available in beautiful designs and superior technicality.

WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

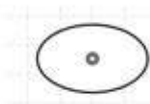

MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

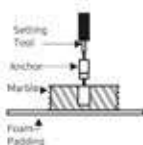

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

MAINTENANCE

Like any other part of your house, the bathroom can be made to look great and made to last long if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

Wash Basin :

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

Closets :

Cleanser like Harpic can be used to clear the closet with soft plastic brush, at least once a day.

To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby.

In case of toilets and basins, if there has been no maintenance since long period of time, water deposits and discoloration can form on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid.

Clean with a soft cotton cloth and warm water with soap.

Do not use thinner, day cleaning liquids or powder paste. Use a liquid cleaner at least twice a week.

Use brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
